FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Revenue (DOR), Division of Motor Vehicle and Drivers Licensing (MVB)** could not determine the number of Prevent Disasters in America plates that will be requested. This will have an unknown impact on the MVB.

The provisions of this proposal authorize a specialized Prevent Disasters in America license plate. Each applicant must pay an additional \$15 fee for the plate. This proposal will have an impact on revenue; however, because the MVB does not know the number of individuals who will apply for this special plate, the revenue increase cannot be determined. This will have an unknown revenue increase.

To implement this legislation, the Department of Revenue will require additional funds. In the past, the programs included in this legislation have been paid for with highway funds. This year, however, highway funds may not be available for this purpose as a result of legislation enacted by the General Assembly in 2000 that limits the use of highway funds.

DOR states if highway funds are not available, then another source of funding must be identified to pay for the cost of implementing this legislation.

Officials from the **Department of Highway and Transportation** and **Budget and Planning** were unable to provide an estimate for this proposal, therefore they must rely upon the DOR's response.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

This bill allows for a special license plate bearing the words "PREVENT DISASTERS" for any person who wants to pay tribute to the disaster relief efforts made in the aftermath of the events of September 11, 2001. To obtain the plate, a person must get a use authorization statement (\$24 contribution) from the American Red Cross and present the statement at the time of registration to the Department of Revenue along with a \$15 fee in addition to the registration fees and other documents which may be required by law. All revenue derived from contributions for this plate, minus reasonable administrative costs, must be deposited and used solely for the purposes of the American Red Cross disaster relief fund.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
